

Lesson Plan

Can you help the Brown family solve their problems?

Mr Brown needs to know the time. Which direction must he face to see the clock?

Which way does Mrs Brown go to buy a cake for Jane's birthday?

Jane has to feed her rabbit before school. Which way must she walk?

On Saturday, the family are going to do some gardening. Which direction is the garden? They have a lot of clover weeds.

Mr Brown rides his bike to work. He stores it in his garage. Which way does he go to get his bike?

Mr Brown is facing the target. How much must he turn to face the building where he works?

Mrs Brown goes to the cake shop first. Then she decides to buy some apples.
Which way does she go?

Jane watches her dad go off to work on his bike. Then she checks the time on the clock. How far has she turned?
Should she turn clockwise or anticlockwise?

Which way is the rabbit running? Give him directions to the garden.

Mr Brown rides a circular route to work. Should he go clockwise or anticlockwise. Give reasons for your choice.
