Neuroscience Into Education

Lesson Plan 1

2 min	Welcome class introduce today's topics: Write the descriptive words in Chinese on the white board – 'Descriptive Words' sheet.
10 min	Get the class into Pairs and ask the Pairs to collect 5 - 10 items that match the Descriptive Words
10 min	Using these Descriptive Words, create a Story board (from working in Pairs)
15 min	Photograph the objects from a viewpoint of 'selling' the object (like an Advertising Photographer would) as each object photographed needs to be written in their workbook
15 min	Move on to colours and with the objects the students have selected, allow the students to write the colour of each object in Chinese in their workbook
10 min	Students are to photograph each object from either a High View point or Low View point, translated in Chinese.
3 min	Wrap up the session
